WORK EXPERIENCE

I-Exceed Technoloy solutions private limited

Software Engineer Trainee

oct 2024 - Feb 2025

- Developed and maintained web applications using **Spring Boot, Java, React, JavaScript**, and **RESTful APIs**.
- Collaborated with cross-functional teams to design and implement scalable backend services and responsive user interfaces
- Gained hands-on experience in **backend development** (Spring Boot, Java) and **frontend development** (React, JavaScript), enhancing technical proficiency in full-stack development.
- Worked with modern tools and libraries such as **Ant Design, Appzillon**, and **React Hooks-**, contributing to user-centric applications with clean, modular code.
- Participated in all phases of the software development lifecycle, including requirement analysis, design, development, testing, and deployment.
- Demonstrated excellent problem-solving skills and the ability to quickly adapt to new technologies and project requirements.

EDUCATION

Prathyusha Engineering College

B.E.Computer Science And Engineering - 8.3

Aug 2020 - May 2024

Narayana Junior College

M.P.C - 7.5

Jul 2018 - Feb 2020

Sri Chaitanya High School

General Science - 8.3

June 2017 - April 2018

PROJECTS

Brain Tumor Segmentation And Detection Using Deep Learning

Jan 2024 - April 2024

Developed a deep learning-based system for **automated brain tumor segmentation and detection** using medical imaging (MRI scans).Implemented **Convolutional Neural Networks (CNNs)** for image processing and classification, achieving high accuracy in tumor detection.

E-commerce Platform Development

June 2024 - Aug 2024

Developed a fully functional **e-commerce platform** using **Spring Boot (backend)** and **React (frontend)** with seamless integration between client and server.Integrated a **real-time payment gateway API**, ensuring secure and reliable transactions for users.

SKILLS

- Front-end : HTML , CSS ,JavaScript and React.js.
- Back-end : Java, Springboot and RESTful API design.
- Database : SQL
- Tools : Git and Maven

CERTIFICATE

Virtual Internship in Web Development

Gained hands-on experience in building responsive and dynamic web applications using HTML, CSS, JavaScript, and modern frameworks. Worked on front-end and back-end development, including designing user interfaces, integrating APIs, and managing databases.

Java Fullstack Internship at KodNest

Completed an intensive internship program focusing on fullstack development using Java, Spring Boot, Hibernate, and RESTful APIs for backend development. Developed dynamic frontends using HTML, CSS, JavaScript, and frameworks like React/Angular. Implemented MVC architecture, performed CRUD operations, and ensured seamless data flow between the frontend and backend.
